ESG Certificate : Internal Auditing for Sustainable Organizations

This certification program equips internal auditors with key ESG knowledge, focusing on EU mandatory reporting. Learn to audit, advise, and ensure robust sustainability practices, contributing to responsible business growth.

Participants

This program is ideal for internal audit, risk management, and compliance leaders who currently possess a basic understanding of ESG topics and wish to enhance their knowledge and practical application of leading practices on how to assess their organization's existing ESG governance and compliance program.

Prérequis

ESG fundamentals course or equivalent ESG auditing experience.

This certificate needs, to be obtained, a substantial personal work after the preparation training.

Objectifs pédagogiques

- **Establish** a common understanding of ESG.
- **Review** the current global regulations governing ESG, including ESG reporting.
- **Explore** the future of ESG regulations, world-wide.
- **Identify** the components of a typical ESG Governance Framework and factors critical for establishing ESG governance.
- **Examine** key considerations for building an ESG audit strategy.
- **Discuss** practices for establishing sustainability leadership within the organization, including critical ESG roles.
- **Practice** ESG reporting and metrics, including necessary data requirements.
- **Understand** the impact of third-party actions on the organization's ESG reporting requirements.
- **Explore** how internal audit can add organizational value as ESG regulations

Contenu

- Fundamentals of ESG
- ESG Governance and Framework
- ESG Strategy
- Sustainability Leadership
- Critical Success Factors for ESG Reporting
- ESG Reporting and Standards
- ESG Risk Management
- ESG Risk Management
- Establishing an Audit Program for ESG

Moyens pédagogiques

Live sessions

Participants who complete the course are eligible to sit for the certificate exam which is administered on The IIA's LMS platform

Modalités d'évaluation des acquis

Progress of learning and assessment of participants' achievements by the trainer throughout the training course: discussion time, practical work, training exercises, quizzes. An online satisfaction survey is conducted for each trainee. This assessment is supplemented by the trainer's evaluation at the end of each session.
